## REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF WARBA INSURANCE COMPANY K.S.C.P.

### *Introduction*

We have reviewed the accompanying interim condensed consolidated statement of financial position of Warba Insurance Company K.S.C.P. (the "Parent Company") and its subsidiary (collectively "the Group") as at 30 September 2018, and the related interim condensed consolidated statement of income, and interim condensed consolidated statement of comprehensive income for the three months and nine months periods then ended and the related interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the nine months period then ended. The management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34: Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

### *Scope of Review*

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

### *Emphasis of Matter*

We draw attention to Note 17 to the interim condensed consolidated financial information, which describes the rectification of an error as per IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, retrospectively. Our conclusion is not modified in respect of this matter.

### **Report on Other Legal and Regulatory Requirements**

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended, and its executive regulations, as amended, nor of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the nine months period ended 30 September 2018 that might have had a material effect on the business of the Parent Company or on its financial position.

#### 1 INCORPORATION AND OBJECTIVES OF THE PARENT COMPANY

Warba Insurance Company K.S.C.P. (the "Parent Company") was incorporated as a Public Kuwaiti Shareholding Company in State of Kuwait in accordance with the Amiri Decree of October 24, 1976.

The objectives of the Parent Company and its subsidiary (collectively "the Group") are to underwrite life and non-life insurance risks such as fire, general accidents, marine and aviation and others; lend funds which resulted from issuance of insurance policies and to invest in permitted securities.

The address of the Parent Company's registered office is at P.O. Box 24282 Safat, 13103 - State of Kuwait.

The interim condensed consolidated financial information of the Group for the nine months period ended 30 September 2018 were authorised for issuance by the Board of Directors on 5 November 2018.

The consolidated financial statements of the Group for the year ended 31 December 2017 were approved by the shareholders at the Annual General Meeting held on 3 May 2018.

#### 2 BASIS OF PRESENTATION

The interim condensed consolidated financial information has been prepared in accordance with International Accounting Standard (IAS 34), Interim Financial Reporting.

The interim condensed consolidated financial information is presented in Kuwaiti Dinars which is the functional and reporting currency of the Parent Company.

The interim condensed consolidated financial information does not contain all information and disclosures required for full consolidated financial statements prepared in accordance with IFRS and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2017. In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included. Operating results for the nine months period ended 30 September 2018 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2018.

Further, certain prior period amounts have been reclassified to conform to the current period presentation. These reclassifications were made in order to more appropriately present certain items of interim condensed consolidated statement of financial position, interim condensed consolidated statement of income, interim condensed consolidated statement of comprehensive income and interim condensed consolidated cash flow statement. Such reclassifications do not affect previously reported assets, liabilities, equity and profit for the period, nor materially affect the interim condensed consolidated cash flow statement.

##### New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim condensed financial information are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2017, except for the adoption of new standards effective as of 1 January 2018. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

IFRS 9 Financial Instruments is effective for annual periods beginning on or after 1 January 2018, with early application permitted. The Group meets the eligibility criteria of the temporary exemption from IFRS 9 and intends to defer the application of IFRS 9 until the effective date of the new insurance contracts standard (IFRS 17) of annual reporting periods beginning on or after 1 January 2021, applying the temporary exemption from applying IFRS 9 as introduced by the amendment; Amendments to IFRS 9 Applying IFRS 9 Financial Instruments with IFRS 17 Insurance Contracts. During 2017, the Group performed an assessment of the amendments and reached the conclusion that its activities are predominantly connected with insurance as at 31 December 2017. The Group has applied the temporary exemption from IFRS 9 and, therefore, continues to apply IAS 39 to its financial assets and liabilities in its reporting period starting on 1 January 2018.

#### 2 BASIS OF PRESENTATION (continued)

##### New standards, interpretations and amendments adopted by the Group (continued)

The amendment introduced two alternative options of applying IFRS 9 for entities issuing contracts within the scope of IFRS 4: a temporary exemption; and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9 for annual periods beginning before 1 January 2021 and continue to apply IAS 39 to financial assets and liabilities. An entity can apply the temporary exemption from IFRS 9 for annual periods beginning on or after 1 January 2018. An entity may start applying the overlay approach when it applies IFRS 9 for the first time.

IFRS 15 Revenue from Contracts with Customers was issued in May 2014 and is effective for annual periods commencing on or after 1 January 2018. IFRS 15 outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes previous revenue guidance. It established a new five-step model that will apply to revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The Group has applied IFRS 15 using the modified retrospective application. Given that the insurance contracts are scoped out of IFRS 15, the Group concluded that it has insignificant impact from the application of IFRS 15.

#### 3 BASIC AND DILUTED (LOSSES) EARNINGS PER SHARE

Basic (losses) earnings per share is calculated by dividing (loss) profit for the period attributable to equity holder of the Parent Company by the weighted average number of shares outstanding during the period (excluding treasury shares).

#### 13 SEGMENT INFORMATION

The Group operates in three segments: general risk insurance, life and medical insurance and investment. Within general risk insurance is marine and aviation, fire and general accidents.

The Executive Management Committee monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with interim condensed consolidated statement of income.

The following are the details of these segments:

**16 FAIR VALUE MEASUREMENT**

Financial instruments comprise of financial assets and financial liabilities.

Financial assets consist of loans secured by life insurance policies, financial assets available for sale, financial assets at fair value through profit or loss, reinsurance share in outstanding claims reserve, insurance and reinsurance receivables, other receivables, fixed deposits and bank balances and cash. Financial liabilities consist of insurance and reinsurance payable, bank overdraft and other payables.

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in an active market for identical assets and liabilities;

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly;

Level 3: other techniques which use inputs which have a significant effect on the recorded fair value are not based on observable market data.

The fair values of financial instruments (financial assets and financial liabilities), with the exception of certain financial assets available for sale carried at cost amounting to KD 334,205 (31 December 2017: 836,705 and 30 September 2017: KD 844,105) are not materially different from their carrying values (Note 5).

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:
